Peer Review (25 min)

Step One
Get into groups of three.

Step Two
Read your piece aloud—stopping and putting a check-mark in the column if something sounds odd.

Step Three
Answer all of these questions for each author:
- What is the author’s thesis? IN YOUR OWN WORDS.
- What is something the author does particularly well?
- What is a question you have for the author?
- What is one suggestion you might make to the author?

Step Four
Next Steps: List the next three things, in order, that you will do to your paper, when you receive it back from me on Monday. Also, what will you do over the weekend?
