

## Discussion of Reich and “The Chemical Engineer Who Lacked a Chemical”

### Step One

Login to our Moodle site, which is located at <http://moodle.id.ucsb.edu/>. Login using this key: **47654**. **Fill in the information asked for.**

### Step Two: Forum Work

Answer, in the form labeled “Reich” and “Chemical” **one of the two questions below**—realizing that a given question is tied to a particular reading:

- **Reich:** What does Reich mean when he says that we are living in the age of the “great deal”, and what **do you think** is the significance of living in this age?
- **Chemical:** What do you think is the most important thing you picked up from reading “The Chemical Engineer who lacked a Chemical”? Why do you think it is important?

### Step Three: Chat Work

Get together in a group of five, and enter into one of the chats listed under today. In your chat, focus on this question: according to Reich and “The Chemical Engineer who Lacked a Chemical” what are some of the advantages and disadvantages of working in the 21<sup>st</sup> century, and what do you, personally and collectively, think about the claims that are made in the two pieces we read?
