The Quote

The big problem with this place, though, is the rent, which at \$675 a month is well beyond my reach. All right, Key West is expensive. But so is New York City, or the Bay Area, or Jackson, Wyoming, or Telluride, or Boston, or any other place where tourists and the wealthy compete for living space with the people who clean their toilets and fry their hash browns. Still, it is a shock to realize that "trailer trash" has become, for me, a demographic category to aspire to.

Using google, craigslist, or any other web-based search, figure out, in a group, the relative expense of a 1 bedroom apartment in: **New York, San Francisco, Boston, and Key West.**
