Using WorldCat to Find Search Terms

Step One
Go to WorldCat, which is located at http://www.library.ucsb.edu/eresources/databases/data-frames.html under “W.”

Step Two
Once there enter your major search term in the window, just like what is shown below:

Step Three
After hitting the “search” key above, you will see a results page, and on that page, you will want to hit the “Related Subjects” key to see other search terms you can use. “Related Subjects” is located below:

Step Four
When you do this, you should get a list of terms. Write down these terms and begin to use them with the other resources (JSTOR, EBSCOhost, and Expanded Academic) at http://www.library.ucsb.edu/eresources/databases/data-frames.html.
