Subjects Matter Work (15 min)

Step One: Five Minutes
Take about five minutes and come up with a quote from Daniels and Zemmelman’s work from *Subjects Matter* that interested, angered, or, in some way, moved you. Simply divide your page in half and put your quote on the right.

Step Two: Five Minutes
Pass your quote to the person sitting next to you, and have them comment on the quote. There is no right or wrong way to do this. If you are stuck on how to go about this, then look at my sample on the overhead.

Step Three: Five Minutes
Meet with your “quotation partner” and talk about your reactions to your quotes.
