Citing Articles And Our Reader

Step One
Get into groups of three and cite one of each:
   a. An article that you found online.
   b. A piece from our reader, or used in class.

Use noodlebib express (http://www.noodletools.com); KnightCite (http://www.calvin.edu/library/knightcite/); or Bedford St. Martin’s cite (http://www.bedfordstmartins.com/online/citex.html) to do this work.

Step Two
When you are done, upload your group’s work into “Works Cited for 11/15/07” in our moodle class (http://moodle.id.ucsb.edu).
