Gig Discussion

Discussion Directions:

1. Pose a question for your group to answer. Make sure that this is a question that a person could not answer “yes” or “no.”
2. Pose your question to the group.
3. Come up, after your questions are done, with two things.
   a. What did you piece have to say about “the nature of work?”
   b. What are some specific things you learned, by reading your piece, about the job under discussion—specifically—and—more generally—about having a “professional” job?
