Group Work On Freire
(15 min)

Instructions
In your group do the following: read all of your paraphrases—choosing the best paraphrase that you have. (I will ask you for your group’s paraphrase in ten to fifteen minutes.) Also, in your groups, throw out your questions and see what sort of answers you get in the group. After you answer your questions choose the one or two questions you want to ask me and the others in our full-class discussion.
