Gig Work: Small Groups

Go through the steps listed below:

**Step One**
Get into groups—based on what you read.

**Step Two**
In the small groups, answer these questions:
   a. What line of work was the interviewee in?
   b. What did you find interesting or compelling about the person described?
   c. Why did you, or didn’t you, like the person in your reading?
   d. What was his or her attitude towards his or her work?
   e. What did you learn about the job, from reading the selection from *Gig*, that you didn’t know about that particular job or work more generally?
   f. What larger problems/ideas can you take from the reading about work in general?

**Step Three**
Be ready, after twenty minutes, to share one really important thing out of your group’s discussion with us.
