Workshopping (25 min)

**Step One: 15 Minutes**
In the next 20 minutes, do the work that you need to do on your paper or presentation. Here are my suggestions:

  a. Outline your presentation.
  b. Write your introduction.
  c. Write a paragraph that you need to write in your favorite area.
  d. Use one of the cool online brainstorming techniques.

**Step Two: Five Minutes**
Post your work to the Forum, in twenty minutes, labeled “Workshopping Work.” Be ready to ask a partner to look at your work. Be ready with questions.
